

WINNER

MLA Quarters

Unit-IV, Bhubaneswar, Orissa

WINNER

MLA Quarters

Strategies implemented:

- 3 meter high barricading was provided around the construction area.
- Wheel washing facility was provided at the vehicular entrance of the site.
- DG sets have an exhaust with stack height of at least 2m from the top of the generator with a cowl.
- Topsoil has been preserved during construction to maintain its fertility and use for landscape post-construction
